

Innovageous System & Program Planning

Our team works alongside leaders to build, implement, and assess systems and programs that support the mission of their school or organization. We then help build capacity through solutions-focused action items to ensure strong processes, that lead to positive outcomes.

Examples of Systems We Have Analyzed & Collaboratively Built for Partners, Customized to Meet Their Specific Needs

- Asynchronous & Synchronous Professional Development
- Asynchronous & Synchronous Student Learning
- Implementation of Professional Learning Communities
- Values-Aligned Coaching & Leadership Training
- Technology Infrastructure & Sustainability
- Student-Centered Multi-Tiered Systems of Support
- School Leader Transition Planning

What We Do & How We Do It

- Horizon Mapping
- Aligned Goal-Setting
- Build Vision Statements & Values
- Progress Monitor Goals & Targets
- Develop Aligned Rolling Agendas
- Create Templates
- Develop Widely-Accessible Toolkits
- Resource Sharing
- Shared Decision-Making

What Our Partners are Saying

"Innovageous responds to situations appropriately and provides the ease of mind that they know what steps are necessary to yield high-quality work and desired outcomes. They inspire trust and clearly show that they understand our vision for project outcomes." - Parent/Non-Profit Leader

"Planning a future focused approach to the school year and further empowering instructional leaders towards improving their practices was at their core."
- Chief Academic Officer
